Aim

- To provide details of what information is recorded, where and why
- To categorise our student destinations for analysis purposes
- To provide details of how information is collected and by whom
- To provide details of what information is reported on and how often

1. What information is recorded

1.1 Aim of Placement and Longer Term Aspiration

A student's Aim of Placement (AOP, intended plan on leaving) and Longer-Term Aspirations (LTA) is recorded in the Student's Individual Learning Plan (ILP/IEP) in Databridge as a long-term goal. It is the responsibility of the allocated Progress and Transition Co-ordinator to check the validity of the AOP with the student and family (if appropriate), in the first term of every academic year and update, if necessary.

1.2 Destination Categories

The Destination Categories that the 'aim of placement' would fall into are:

1.2.1 Education and Employment

2. Where is the information stored

- A student's Aim of Placement (AOP, intended plan on leaving) and Longer Term Aspirations (LTA) is recorded in the Student's Individual Learning Plan (ILP/IEP) in Databridge within their goals, by their Progress and Transition Co-ordinator
- Destination data is entered on the Destination tab in Databridge

3. Why is the information recorded.

- This data and information are key performance indicators for our funders and regulators.
- This information informs our self-assessment process.
- Analysis of this information allows us to ensure the education we provide enables students to meet their aim of placement and longer term aspiration.
- Analysis of this information informs our curriculum developments.
- Data about a learner's destination and progression following the end of learning is collected in the ILR to demonstrate how our sector is contributing to the future success of learners.

4. How the information is collected and by whom

- The MDT as part of admission process AOP and LTA
- Progress and Transition Co-ordinators- 3 to 4 months after
- The Former Students' Officer will follow up with leavers at:

- 5 months to check their achievement of Aim of Placement (in January of every year)
- 9 months to check their achievement of Aim of Placement and any other progress (in May of every year)
- 2 Years to check their achievement of their Long Term Aspiration (in September of every year)
- 4 years to check their achievement of their Long Term Aspiration (in September of every year)
- 6 years to follow their long term progress (in May of every year)
- 10 years to follow their long term progress (in August of every year)

The six and ten year report will be in the form of more informal, 'case study' based follow up as there are often fewer responders to the enquiries.

5. What information is reported on and how often

Leavers Outcomes would be reported on:

- 1. Achieved expected plan
- 2. Achieved an appropriate alternative destination
- 3. Partially achieved expected plan (e.g. achieved their residential aim, but not education/employment)
- 4. Did not achieve expected plan or appropriate alternative

At 5 and 9 months and at 2, 4, 6 and 10 years – this data will feed into the monthly data report and Quality Managers report.

The Former Students' Officer will produce reports for TLT and Governors as per the above cycle based on destination data in the following categories:

- Education
- Employment
- Residence

Destination data is logged in Databridge by the Former Students Officer.
